GLADIOLUS PRICE LIST FOR SPRING 1958

Prices quoted in this list are prepaid to any address in the United States. An adjustment will be made for difference in postal distance by including extra bulbs for nearby customers.

Prices are quoted subject to prior sale. Substitutions will not be made unless authorized.

We cannot accept orders for less than \$2.00. Our terms are cash with order, or 50% with order, balance COD.

All bulbs are State inspected and have been fumigated. Our bulbs are guaranteed true to name and in good condition when shipped. We cannot accept responsibility for the crop, which depends on growing conditions. Bulbs arriving frozen should be reported to the carrier immediately, and to us in due course. Bulbs that are not satisfactory in any way must be reported to us in seven (7) days from receipt, if we are to make good.

Large bulbs are 1 1/4" or more in diameter; medium bulbs 3/4" to 1 1/4", and small bulbs 3/8" to 3/4". Growing advice will be included with each order, and we are always pleased to answer enquiries. Suggest varieties that you would like to try, and we will include some of them as extras.

NEW INTRODUCTION. W. P. TREBILCOCK.

This variety, a cross between Burma and Elizabeth the Queen is a deep smoky rose, slightly lighter towards the throat, with a brick red flash on the lower petals, and light veins and watermark deep in throat. 6 inch florets on a 19 bud spike with 6 open and 6 in colour. Flowerhead 24"; field height 57".

Blooms in 90-95 days. Classification 486.

We are very proud to be introducing this variety, which has the distinctive attraction of a smoky, but which is at the same time beautiful rather than odd.

Prices:	Large bulbs \$1.00 each;	10 for \$8.00
	Medium bulbs 75¢ each;	10 for \$6.00
	Small bulbs 50¢ each;	10 for \$4.00
